Use(s):	Single Family Dwelling House
Significance:	Architecture
Area(s):	
Designation(s):	
Building Materials(s):	Roof: Asphalt Shingle Wall: Vinyl Siding; Wood Shingle; Wood Foundation: Concrete Unspecified

The Massachusetts Historical Commission (MHC) has converted this paper record to digital format as part of ongoing projects to scan records of the Inventory of Historic Assets of the Commonwealth and National Register of Historic Places nominations for Massachusetts. Efforts are ongoing and not all inventory or National Register records related to this resource may be available in digital format at this time.

The MACRIS database and scanned files are highly dynamic; new information is added daily and both database records and related scanned files may be updated as new information is incorporated into MHC files. Users should note that there may be a considerable lag time between the receipt of new or updated records by MHC and the appearance of related information in MACRIS. Users should also note that not all source materials for the MACRIS database are made available as scanned images. Users may consult the records, files and maps available in MHC's public research area at its offices at the State Archives Building, 220 Morrissey Boulevard, Boston, open M-F, 9-5.

Users of this digital material acknowledge that they have read and understood the MACRIS Information and Disclaimer (<http://mhc-macris.net/macrisdisclaimer.htm>)

Data available via the MACRIS web interface, and associated scanned files are for information purposes only. THE ACT OF CHECKING THIS DATABASE AND ASSOCIATED SCANNED FILES DOES NOT SUBSTITUTE FOR COMPLIANCE WITH APPLICABLE LOCAL, STATE OR FEDERAL LAWS AND REGULATIONS. IF YOU ARE REPRESENTING A DEVELOPER AND/OR A PROPOSED PROJECT THAT WILL REQUIRE A PERMIT, LICENSE OR FUNDING FROM ANY STATE OR FEDERAL AGENCY YOU MUST SUBMIT A PROJECT NOTIFICATION FORM TO MHC FOR MHC'S REVIEW AND COMMENT. You can obtain a copy of a PNF through the MHC web site (www.sec.state.ma.us/mhc) under the subject heading "MHC Forms."

BUILDING FORM

1950 State Highway

ARCHITECTURAL DESCRIPTION ☐ See continuation sheet.

Describe architectural features. Evaluate the characteristics of this building in terms of other buildings within the community.

This 1 1/2-story, 4 x 2-bay, Dutch Colonial Revival house is representative of early-twentieth century construction created to house the modest, 6.7 percent gain in population in Eastham which occurred between 1915 and 1940. It is similar to other such structures erected throughout New England.

In this case, some modifications have occurred. A small, 1-story addition with a modern bay window on the east elevation has been added to the south elevation and both front and rear doors are sheltered by gable-roofed, enclosed entries. Detail is limited to end boards and boxed, molded cornice with return. A shed-roofed dormer (4-bays on front and 3-bays in the rear) expands both slopes of the gambrel roof. The main entry consists of a period cottage door with long rectangular panels and top glazing of 4/4 lights. Fenestration consists principally of 6/1, double-hung sash with plain trim, but some replacement, vinyl-clad sash has been installed on the north elevation. Blinds are modern replacements.

HISTORICAL NARRATIVE ☐ See continuation sheet.

Discuss the history of the building. Explain its associations with local (or state) history. Include uses of the building and the role(s) the owners/occupants played within the community.

No research, data or house file exists for this property at the Eastham Historical Society Archives. The construction date of 1925 assigned to the property is taken from a list of historic properties devised by the Eastham Historical Society with dates provided from assessors' records. Based on appearances it appears reasonable. The Dutch Colonial Revival style is typical of the minor amount of construction that occurred in Eastham in the early twentieth-century. Since the only Directory for the Town of Eastham dates to 1901, no identification of the original or subsequent owners was possible using readily-available, local records. Deed research will be necessary to obtain more information on the property.
